

Green Class Insider

WHAT JOBS DO YOU LIKE?

Through the topic of "What Jobs Do You Like?" (你喜歡甚麼工作?), children in the Green Class (綠班) learned about our community helpers and their jobs, their responsibilities, and the tools they use. We dug into the details of professions such as teachers (老師), doctors (醫生), police officers (警察), firefighters (消防員), postal workers (郵差), farmers (農民), hairdressers (美髮師), and chefs (廚師). Some of our favorite activities are using a hair dryer to blow paint on paper to make art, rescuing Orange Bao Bao (橘子寶寶) in the experience room by putting out fire like a firefighter, making vegetable soup like a chef, and more. We are very lucky to be in a small school environment where there are plenty of opportunities to get to know our peers from other classes. To understand how the mail system works, we mailed letters to our friends in the Yellow Class through our Ya Ya Post Office (芽芽郵局)! We also started to establish friendship with each other. It was lovely seeing some of the children holding hands while exploring the classroom!
