

Blue Class Insider

WHAT A BUSY CITY!

Through the topic of "What A Busy City!" (忙碌的城市), children in the Blue Class (藍班) learned about the things we see in the city they live in everyday such as buildings (大樓), stores (商店), sidewalks (馬路), traffic lights (紅綠燈), transportations (交通工具), and animals such as dogs (狗) and pigeons (鴿子). Some of our favorite activities are learning about the mechanism of an elevator, driving our police car in the experience room, working in our sand sensory bin, making a taxi with rectangles and circles, and more. In December, we had our winter assembly with our friends from the Green and Yellow classes. We shoveled snow, dressed up the snowmen, and observed how ice melts. One of the biggest highlights was to welcome our family members on Family Day. Together, we enjoyed a slideshow that tells a compelling story of how much we've learned during the past few months. And we were so excited to show our guests around our classroom!

Classroom Happenings

Making the box go up just like in an elevator.

I am a little police officer.

Riding in our police car.
Remember, we need to
stop at the red light!

Making our own yellow cab with circles and rectangles.

Experiencing sand in our sensory bin and learning about shapes and friction by moving toy subway around.

Learning how the mechanism of an elevator works.

We love singing our topic theme song and practicing the key vocabulary words we learned.

Special Events

Putting on clothes for our snowmen.

Shoveling snow is so much fun!

Making ice melt with our fingers.

We sang the five fingers song (五根手指頭) for our family members during Family Day. And we were so excited to watch our slideshow together.

✨ Extra Sweet Moments ✨

Holding hands with our friend during circle time.

Helping our friend put on his police hat.
